ANALYSIS

It's never easy to get to number one, but it's becoming increasingly difficult to stay there more than one or two weeks. That fact says quite a bit about the high quality of music released this year. STEVIE WONDER maintains at number one for the third consecutive week. The last song that stayed on top for more than two weeks was the first PRINCE hit "When Doves Cry" back in July! Only a slight difference in chart points separates numbers two, three and four, all of which had no place to move this week. The closest call is between WHAM! and PRINCE, which are virtually tied. DeYOUNG reaches his highest "Hit Factor" at 93%. HALL & OATES and WHAM! are tied for the top spot in ranking of airplay only. Both were mentioned by 250 of this week's 258 reporters. TINA TURNER slips into the top 10 with no problem backed up by a "Hit Factor" of 87%. Tremendous week for CHAKA KHAN, showing a big big gain in "Hit Factor" from 58% to 80%. Goes top five at KKHR-Los Angeles, KSTN-Stockton, WKTU-New York, KGOT-Anchorage, KUBE-Seattle, KQCR-Cedar Rapids, Q104-Gadsden, etc. HUEY LEWIS almost in the top ten airplaywise, with growth in reports from 197 to 220. COREY HART converting top twenty with a "Hit Factor" increase from 8% to 20%. Last week's "Most Added" record, PAT BENATAR, is the highest debut on the Top 40 picking up another 64 adds this week, including CFTR and CHUM-Toronto, WGOL-Lynchburg, WJZR-Charlotte, Q105-Tampa, WPFM-Panama City, KPAT, KKRC-Sioux Falls, KILE-Galveston, KDON-Salinas, etc. JULIAN LENNON nears the 200 mark in station reports, debuting inside the top thirty in a number of markets. Like LENNON last week, NEW EDITION bypasses "Chartbound" and jumps onto the Top 40 chart, helped by a "Hit Factor" close to 30%. Biggest gains at Atlanta's Z-93 15-9, KMEL-San Francisco 6-2, WQTU-Rome 23-15, B-97-New Orleans 21-16, WQBZ-Ft.Valley 24-17, Q107-Washington, DC 19-14, B104-Baltimore 25-19, etc. Last week's "Record To Watch", U2, has a spectacular week, almost doubling in total reports, especially hot in California, with adds at KITS, KKHR, KQXR, KS103, KSLY, KSTN and KWSS. KISS's "Heaven On Fire" now top twenty at WPFR-Terre Haute, KKXX-Bakersfield, KOZE-Lewiston, WRKR-Milwaukee, WCIL-Carbondale, etc. EUROGLIDERS gains "Record To Watch" status moving 30-25 for JOHN PURDY at OK95-Tri-Cities, WA., added by WDBR-Springfield, KFMN-Abilene, WHKW-Fayette, KNOE-Monroe, WRCK-Utica, WQQQ-Easton, and KYMO-East Prairie. Beginning to make its move.

Learning at the Feet of the Master

by Tony Richland

In today's complex job market, finding a position with no required skills can present a real challenge. If you're unemployed and unable to comprehend the subtleties of Laverne and Shirley, why not consider record promotion as a career. We did— it's paid off for us BIG, and now we'd like to offer the opportunity of a lifetime to anyone turned off by the computer age. If you're a young out-of-work person with the brain of an artichoke, put down the classified and read on:

The 1985 opening class of the *Tony Richland School of Promotion* commences on January 5th. It's a rare chance for you to learn, from a faculty of seasoned professionals, the ins, outs, and tricks of how to carve out a living in this lucrative field. You'll be coached in every facet of promotion, including lunch, wardrobe, listening to the radio, flattery, phone schtick, getting early ads and parking before four o'clock towaway.

We'll simulate actual music library confrontations and put you through your paces as you pretend to discuss your product with inflatable music directors. Special dialog courses will be offered for those entering the album rock and country fields, with interpreters present at all sessions. Simulated restaurant environments will hone your skills as a top-flight luncheon and cocktail hour practitioner.

Veteran promo people will work with you on proper T-shirt choices based on the format being visited and you'll receive, as a bonus, a booklet with one thousand filthy one-liners for use while waiting in station lobbies on Mondays.

Your graduation ceremony will be addressed by The Real Don Steele as we send you, fully prepared, into the world of promotion in motion.

Here's just a small example of one of the subjects covered by this comprehensive course:

LUNCH AT THE PALM RESTAURANT IN LOS ANGELES: You're a local guy (gal) taking **Gerry De Francesco** of **KIIS-FM** to lunch. After perusing the menu Gerry asks for a suggestion. You casually recommend the twelve pound lobster, having read Gerry's numbers in the recent ARB. Here's a key tip: Should you be lunching with KIIS Music Director **Mike Schaefer** you suggest the *NINE* pound lobster. Small point, perhaps, but economically sound. If it's a P.D. who came in with a 1.6 in the book you suggest a small lettuce salad. When you're asked about cocktails you request the usual, even though the waiter has never seen you before in his life. Should he allude to this, you simply smile at Gerry and state, "Great sense of humor. He's pretending to forget all my visits here with **Madonna** and **Scandal.**"

That's just an example of the curriculum. Nothing is left to chance and your diploma will be in the form of a Martoni's master charge receipt, suitable for framing.

When classes are completed you'll know all there is to know about local promotion, with an eye towards shafting your immediate superior out of his (her) job in the VERY NEAR FUTURE!

Stop blubbering around wondering about how you're going to cope with the pressures of the 21st Century. Take a step into the past and enroll NOW in the Tony Richland School of Promotion. Graduate classes in paper ads and money laundering are being formulated now. Call us for details.■

These job descriptions are certainly impressive, Mr. Snafoo. Of particular interest was the listing . . . "God's Gift To Radio."

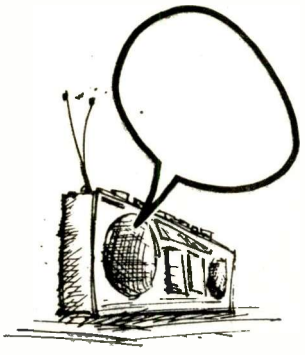
THE DAY COMMUNICATION DIED

Rain formed beads of water on the waxed cars that stood at attention in a radio station parking lot in Boise, Idaho. The air was cold and still, yet for some strange reason "steam" rose from the wet shiny pavement and seemed to hover over the building. Most people considered it just another late afternoon mist. No one ever suspected that it was an Energy Force from somewhere in outer space. In one fleeting moment, this "Force" would cause all the "cue cards" in the world to self destruct. It was total chaos.

The Academy Awards were being telecast at that precise moment. **Burt Reynolds** opened an envelope, and said: *"And the winner for The Best Actress Award is ... (POOF) ..."* No one ever knew.



NBC Sports Special was featuring the championship fight between **"Boom-Boom" Mancini** and the New York City favorite ... **Scott "Top Forty" Shannon.** It was a close decision. Fifteen grueling rounds. The ring announcer bellowed: *"Judge Bernie Schwartz scores ... (WHOOSH) ..."* No one ever knew.

The disaster spread. A rookie cop was ready to bring in his first big bust. This long-haired, sabre-toothed kid stood hunched over a squad car, hands flat against the hood. The young officer removed a card from his wallet. "You have the right to remain ... (WHIFF) ..." Saber-Tooth would never find out what it was he had the "right to remain."

Drivers didn't know whether to turn right or left. Parking violators couldn't be towed. People could smoke anywhere they cared to. Door-to-door salesmen were dumbfounded. Telephone solicitors sounded like obscene callers. But the worst was yet to come.

Radio was silent. The last stronghold of communication was left dormant. Talented, well-paid, experienced announcers sat speechless in front of their microphones. Questions-that-had-no-answers raced through their minds:

"Are the call letters given first, and then the time ... or vice versa?"

"And what are the call letters?"

"When do you segue? What do you segue?"

OH GOD, WAS THERE NO HOPE?

The answer came from behind a small window facing a rain-soaked empty parking lot in Boise, Idaho. A Disc Jockey sat in front of his console straining for a solution. Years of regimentation had dimmed his sense for survival. Suddenly, he shot up from his squeaky leather-backed chair and raced down the hallway towards the General Manager's office. He grabbed a letter opener and forced open the top drawer, removing a small sealed package. His trembling hands clutched the little box as he made his way back to the control room. He hadn't been this out-of-breath since he made a round trip to the bathroom once during a one-minute-and-forty-seven-second Beatle cut. Pausing for a moment to gain his composure, the Disc Jockey knew that when he hit the microphone switch, his would be the only voice in all the world able to communicate with an audience. The red knob on the console clicked to the left. Removing the contents, he read the make-shift cue-cards ...

"Three of Diamonds. Six of Clubs. Nine of Hearts. King of ... " ■

The Androgynous Strain

Superstar status is too often bestowed on those who haven't truly achieved enough to deserve it. Nowadays, no one can deny the title to two exceptional talents, Michael Jackson & Prince. Their musical contributions have gone beyond simply racking up a string of hits . . . they are influencing the style and performance of other contemporary artists. But that fact alone does not a superstar make. Prince and Michael possess what only an elite few who've preceded them can lay claim to . . . personage that is so original, millions are not only captivated by it, they emulate it. But while so many characteristics of earlier rock idols are similar, one chief difference emerges . . . sexuality.

Rock's first acknowledged superstar, **Elvis Presley**, was much more than his music. The outrageously sexual overtones of his performances enraged parents, which, in turn, endeared him to his fans all the more. When Mom and Dad embraced **Pat Boone**, Elvis became even more popular with their offspring. And the King's machismo set the standard for his counterparts to follow. When the sixties ushered in the era of the **Beatles**, raw, earthy, manly sexuality was replaced with a cutesy innocence imported by the four "Mop Tops." This time around, even parents loved the new teen idols. But two very different camps developed . . . one backing the lads from Liverpool and another that championed a band whose name said a great deaf about their personality: The **Rolling Stones**. The Stones were anything but innocent, with a lead singer, whose appeal, much like that of Elvis, was explicitly sexual and anti-establishment . . . Mick Jagger. Stations held the proverbial "battles" of who was number one: Beatles or Stones? It was much more than the music that determined listeners' responses. It was what each represented through their fans that made a significant difference.

Jagger, and later **David Bowie**, set a new course with a sexual persona quite unlike the "macho men" of the fifties and early sixties. **Michael Jackson** and **Prince** are the eighties equivalent of this Androgynous Strain. The dictionary defines "androgynous" as "having the characteristics or nature of both male and female." Indeed that is, in part, the appeal of both Prince and Michael. Knowingly or unknowingly, they're making a lasting impression on the sexual consciousness of all of us, but most of all, on their younger fans. But interestingly enough, the differences between both are much like those of the Beatles and The Rolling Stones twenty years ago. Beyond musical originality and creativity, Prince and *The Thriller* are projecting two very different images. Watching and studying their fiercely devoted following may well be one measurement by which we can gauge the ever shifting patterns of taste among our many audiences. □

ANALYSIS

The Magnificent Seven at the top won't yield much except to the threatening charge of Wham!, Hall & Oates and Paul McCartney. Speaking of P.M. a number of A/C's are pulling out about thirty seconds from the end of the guitar solo. The Dennis DeYoung really kicks in this week as converting rotations make the big dif. The Honeydrippers are under full sail now as they chart a direct course to the top numbers. The Jack Wagner single re-debuts on the A/C page after first appearing here on August 10th and dropping off on September 14th.

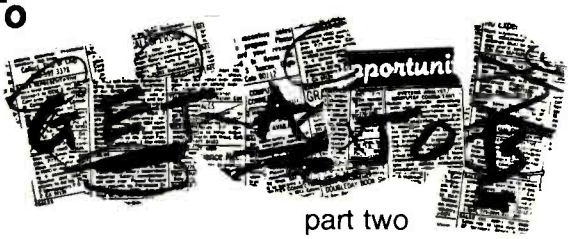
How To



part two

RESUMES

WRITING YOUR RESUME

Continuing the theme of last week's column about applying for a job, I repeat: Since your written presentation is half of what you'll be judged on (the tape is the other half), you may write yourself right out of a job.

Not by not being "brilliant" enough—by appearing ignorant. Assuming that you are not, in fact, ignorant, the cause of such a misleading impression is the way you write, and how it looks. For one thing, TYPE your letter and resume. Second, put some thought into it. Some people who are reasonably adept at expressing themselves verbally are unwilling to exert the mental effort to form their thought before writing it down—or the physical effort of looking a word up in the dictionary if they aren't sure how it's spelled. I could argue that people with such sloppy habits don't deserve to get a job, but if I've just described you, and you deserve a job, make the effort to show it in what you write.

Make the layout of the resume on the page neat, with regular margins and spacing. And keep it all on one page. When a resume goes over a page, it almost always means that it is being padded, and the longest resumes I've ever seen are from students seeking their first job in radio. When they try to snow you by listing all the duties they had as a weekend counterperson at McDonald's, they are not ready for radio! Actually, the more experienced an applicant is, I've noticed, the shorter the resume tends to be. I certainly don't recommend it be incomplete, but there is no need to pad it. Just list the experience and background that is material to the job you're applying for.

And by the way, the usual format for listing job experience is to list the most recent or current one first, and then travel back in time as you go down the page. List about three references, and avoid listing relatives! Make them references in the business, if possible.

Incidentally, include your name, address, and phone number. I've seen resumes that left one or more of these out. If you use an airname on the tape that is different from your real name, put your real name on the letter and resume, and your airname in parentheses after it. (I've received applications where the real name was on the resume and the airname was on the tape, and have not been able to put the two together once they disappeared into a pile of applications!)

The letter that goes with your tape and resume—and there should always be a letter—should be neatly typed in a businesslike fashion, and if at all possible should be typed individually. Some PD's and Managers won't consider an application that includes a xerox'ed letter. And since you're writing it individually, and if there is a reason why you are interested in that particular station, why not say so? Keep it short, but anything in the letter which indicates an interest in that particular station, should make a positive impression, certainly much more of one than a letter that is clearly mass produced.

But if letter and resume do not show thought and some care in preparation, they may do you no good at all.

Now, how should the tape be made? More, next week.

BIO FEEDBACK

FRANKIE GOES TO HOLLYWOOD
Their video depicts a violent wrestling match between Ronald Reagan and Soviet President Konstantin Chernenko. Airplay might technically entitle Walter Mondale to equal time from non-cable broadcastes.

TALKING HEADS...
A new PBS comedy series titled "Survival Guides" features David Byrne and Rosanna Arquette, who inspired Toto's hit "Rosanna."

BOB SEGER...
Word is he's writing a song about cocaine use with a possible title of "American Storm."

TOM PETTY...
Bad news for T. P. While in the studio at work on his new LP, Petty punched a wall and hurt himself. The impact broke several bones in his left hand.

DON HENLEY...
Speaking of Tom Petty, Heartbreaker Mike Campbell can be heard contributing guitar licks on Henley's latest "The Boys of Summer."

REBBIE JACKSON...
She's the oldest of the three Jackson Sisters, including Janet and LaToya.

CHAKA KHAN...
Interestingly enough, Chaka picked up her unorthodox name during an early association with The Black Panther Party.

THE SUPREMES
Mary Wilson is reportedly writing a book of remembrances from the Supreme era of the 60's.

HUSKER DU
Their name is the literal German translation for "do yu remember." It's also a famous European board game. Husker Du hail from Minnesota.

TWISTED SISTER
As a teenager, Dee Snider (he of the Stevie Nicks hair) considered Alice Cooper his hero. This made it pretty difficult growing up in a family whose father is a Long Island policeman.

VANITY
She was born and raised on the Canadian side of Niagra Falls in the province of Ontario. By the time she was seventeen, she was working as a model in Toronto.

KISS...
Vinnie Vincent, former member of the group, has put together a new band along with Hirsh Gardner, ex-drummer for the band, New England. Look for an LP early next year.

DURAN DURAN...
Nick Rhodes mixed the Live LP (from the recent U.S. tour) set for release before the end of the year. Next studio LP expected out in May.

HALL & OATES
John Oates wrote the title song for Peter Fonda's 1977 movie, *Outlaw Blues* and also had a bit part in the film.

JEFFREY OSBORNE
Prior to going solo in 1982, Jeffrey spent nearly ten years singing in the band LTD.

VALOTTE-JULIAN LENNON (ATLANTIC)

Self explanatory title for an Alternative Radio staple.

NEW Releases

Will The Wolf Survive/Don't Worry Baby/A Matter Of Time/I Got Loaded-LOS LOBOS (Slash/Warner Bros.) One the 1984's true greats. The original LOBOS quartet is now a fivesome with ex-BLASTER saxman STEVE BERLIN officially added. Produced by T-BONE BURNETT and BERLIN (the man, not the band), LOS LOBOS allow their multi-pronged ethnic style to be molded expertly by BURNETT and BERLIN. Yet they are clearly seasoned veterans who are firmly controlling the high standards of their destiny by performing with equal degrees of fury and subtlety. LOS LOBOS' new LP is a treasure chest of tones, tempos, and emotions. By juggling equal amounts of soul and hard edged musicianship, LOS LOBOS takes their place as one of AMERICA's premier exports. You will be seeing this LP on countless 1984 BEST-OF lists at year's end.

Valotte/On The Phone/Jess/Too Late For Goodbyes-JULIAN LENNON (Atlantic) If you spend quite a bit of extra time with VALOTTE, you'll find it unusual that someone so young has such a convincing grip on mood. After piling through stacks of records that are easy to format and pigeon-hole into neat catagories, JULIAN achieves a certain mass appeal by just being himself. This is the kind of record that radio will support rather than risk a conspicuous absence. JULIAN, with his clear and simple style, turns a potentially difficult legacy into a winning formula. The depth of the material stands tall and separate from the obvious shadows he'll be ducking the first few LP's. After that, JL will be enjoying multi-media success based on the quality paved by this stunning debut. It's funny, but this album magnifies Album Radio's limitations with ballads all the more glaring and tragic.

What I See/What I See II/This Perfect Place/The Stranger/Behind The Barrier/Letter From The Shelter-PLANET P (MCA) I've been an admirer of MR. CAREY because within the realms of strict Album Radio, his work in the studio is technically superb. Not to be confused with a TONY CAREY LP, PLANET P takes a double LP excursion into territory well covered by PINK FLOYD, and THE WHO. Like THE WALL, TOMMY, and QUADROPHENIA, PINK WORLD contains both primary hit airplay trax that will fit well into heavy rotation plus secondary trax that will well compliment the primary action trax as well as the album's concept. Four trax will be isolated on a pink 12", now shipping. But don't be lazy. There's more where these trax came from.

The Boys Of Summer-DON HENLEY (Geffen) DON HENLEY concocts strong memories and images of love and summer just as midwest America enters what looks like another ballbuster winter. Yet a couple of spins should thaw out the coldest of the cold hearted. This record should part the ways on both the Album Radio and Top Forty charts.

I Will Dare/Black Diamond/Unsatisfied-THE REPLACEMENTS (Twin Tone) As abrasive as THE REPLACEMENTS can be, they do maintain a steady strain of humor throughout their past works (remember their LP, THE REPLACEMENTS STINK?). Next to WHAT's-HIS-NAME, THE REPLACEMENTS give MINNEAPOLIS more cause for pride. LET IT BE is as diverse an LP as Alternative Radio is ever gonna hear as THE REPLACEMENTS wax their way through pop, metal, jangly acoustic ballads, and more hardcore raunch. This album is one of those trick cans of peanut brittle with quite a few surprises for THE REPLACEMENT's loyal Alternative following.

ANALYSIS

THE HONEYDRIPPERS join this week's POWER TRIO by sliding past a still potent DAVID BOWIE. U2 and TEACHER cap the one and two positions. The big story of the week, however, is JULIAN LENNON who enjoyed CERTIFIED both with ALBUM RADIO and TOP FORTY plus MOST ADDED with a DEBUT at #12. Retail reaction has been brisk, with double and triple reorders not uncommon. ROGER HODGSON enjoyed a two point jump to seven. Other big jumpers include last week's CERTIFIED, PAT BENATAR who takes a big leap into the Top Twenty, 29-18. FRANKIE GOES TO HOLLYWOOD is still very much at war. KATHY KENYON informs us advance sales for the double LP way past the six figure mark. Get ready...What never barks and just celebrated his 100th birthday? NIPPER, the RCA pup. ...What's this about JOHN WAITE doing a TV drama/performance guest slot on a show called "PAPER DOLLS"? And why is BRENDA VACCARO trying to kill him off? Never underestimate the power of the Tube. Ask RICK SPRINGFIELD, CHRISTOPHER CROSS, PATTI AUSTIN/JAMES INGRAM, or GENERAL HOSPITAL's JACK WAGNER. Better yet, read your GAVIN in a few weeks and you'll get all the info...Had a nice chat with JULIAN LENNON, which we'll also let you in on word for word real soon...a few scattered reports on request action on "Jump" by AZTEC CAMERA, not VAN HALEN. Same song, though. Can be found on the flip of the 12" Pro...expect a 12" on RICKIE LEE JONES with the right trax, "Juke Box Fury" and "It Must Be Love" plus a big tour. The album is selling and doing well on the ALTERNATIVE ACTION at 18 and is #1 at WRAS-Atlanta ...speaking of SCOTLAND and AZTEC CAMERA, BIG COUNTRY's big follow-up unleashes MR.STEVE LILLYWHITE on the world with an even bigger mix. The LP has been pushed back a few weeks, but is well worth the wait...Remember, when you phone in your Album Reports, do report conversions as ADDS and HOT or MEDIUM. In other words, don't be afraid to mention an LP twice as an add and once in rotation if it's that active... Anyone reading this (and I mean ANYONE) should send me an 8"X10" glossy or a high quality picture of yourself to be used for an upcoming weekly feature entitled "What Kind Of Person Reads GAVIN". Don't be shy and include a phone number,ok?...
...Last weeks review on England's LLOYD COLE and the COMMOTIONS indeed caused commotion amongst the A&Rists who regularly read these pages....DAVE SHOLIN's at it again, this time playing a cool tape by ERIC CARMEN of the revered RASPBERRIES due out soon on GEFFEN. KZ.

U2 and LET'S ACTIVE return to our POWER TRIO with a solid performance U2 once again holds a comfortable lead over their competitors. The success of U2 on popular radio hasn't deterred college programmers from seeking out the more eclectic tracks.

The newcomer to the POWER TRIO is GENERAL PUBLIC, who were GAVIN CERTIFIED last week. Further growth won't come easy as they move into the competitive Top Five. This album has the potential to become number one but U2 might block their entry.

Our current GAVIN CERTIFIED, the RAMONES, enters the Top Ten in two short weeks. While the RAMONES' style hasn't changed much over the years (why should it?), the RAMONES have developed their own niche and continue to offer what they do best. They're destined for the Top Five and points beyond.

Anticipation can often be greater than realization - but not with the REPLACEMENTS full album. The 12" climbed to #12 and the release of the album brings them up to the tenth position. They're right behind the RAMONES and will certainly be muscling further up.

Great debut for our MOST ADDED record last week, XTC. Watch for them to make major moves in upcoming charts.

Slow week for new releases as three of the four MOST ADDED from last week repeat again; XTC, UB40, and TOM ROBINSON.

ANALYSIS

Regardless of the five debuts, the chart is taut. MICKEY GILLEY and GEORGE JONES have not peaked at 12 and 13. HANK WILLIAMS JR. and REBA McENTIRE advanced seven points each, with our research showing both strong enough to be CERTIFIED. GARY SHORES at WKLR tells us TOLEDO listeners are already "fired up" about the ALABAMA single "Fire In The Night". Forty-six stations are playing this side, five are playing "Rock On The Bayou", and five are playing both. JOHN SCHNEIDER is not only at the top of the chart, but he continues to be the number one requested unit. At the request of RICK CARSON-WCMR-ELKHART, we've removed the obvious from the Top Requests box, and GEORGE STRAIT slipped in easily, with GEORGE JONES ready to hop in . Monster requests for "A Place To Fall Apart" by the HAG at Y96-EL PASO, ditto at KGVO-MISSOULA and KSMN-MASON CITY. ANTHONY KEITH at KASC-ABBEVILLE,LA, reports that GEORGE STRAIT'S "Does Fort Worth Ever Cross Your Mind" is their hottest record, going 28-17. Sorry to report many are giving up on the VINCE GILL, also getting drops on SAWYER BROWN and JIMMY BUFFETT. WAYNE CORDRAY at KWYZ-EVERETT/SEATTLE believes the new JOHN CONLEE album is the best of the bunch he auditioned this week. We agree!

BUMPER BLITZ CELEBRATION

As a follow-up to our previous story of the $100,000 Bumper Blitz promotion at **WUSL-PHILADELPHIA,** winners gathered at the station for a photo session. Pictured with Jeff Wyatt and air talent are the winners of the cruise, Z-28 Camero and his/hers furs, and the $20,000 grand prize.

(left to right) WUSL-Philadelphia's winners with their prizes: Jeff Wyatt (PD), Lady B (air talent), Daniel Lewis, (cruise winner), June Cain ($20,000 cash—pictured here with her check), Odess Myers, (Z-28 Camaro and his/hers furs), and Beej In the Morning (air talent).

HEART & LUNG FOR 6-YEAR-OLD

The listeners at **WMEH-JOPLIN, MO** and sister station **Z103-JOPLIN,** pledged over $6,000 for little Joe Starchman so that he could undergo surgery for a heart/lung transplant. This little boy is the youngest child in history to go through this, and thanks to **DAN CASEY** and his team who ran a "Radio Pledge Drive" at the stations for 3¼ days last week, Joe will be going to Pittsburgh University Presbyterian Hospital for the operation. They also sold "Whatchamacallit" candy bars at the local Lifestyle Fair for $2.00 each to benefit the drive.

LEUKEMIA RADIOCAST

The annual **KFWB-LOS ANGELES'** "Leukemia Society of America Fight Leukemia Radiocast" on Thursday, September 20th resulted in pledges totaling $16,375.00. Volunteers had originally planned to staff the special pledge phones from 6AM to 10PM, but due to a problem with a central switching facility at the telephone company, the phones were down for five hours and the radiocast was extended an additional hour. All funds raised will go directly to research and enable this vital work to continue.

A STEREO A DAY

BILL JEFFRIES at **KPOP-SACRAMENTO** tells us about a promotion they're using to recycle their morning audience. Every day during the month of October, KPOP will be giving away a $1,000 stereo system to some lucky listener. A select record is played between 7 and 8AM, and the same song is repeated sometimes before 9PM. Callers win by calling when the song is repeated later in the day.

SEE BRUCE IN STYLE

WLS-CHICAGO is bringing listeners the opportunity to win one of ten trips for two to see the **BRUCE SPRINGSTEEN** concert in Hollywood on Halloween. Once per day on **CHUCK BRITTON's** afternoon drive show, Chuck will be awarding the all-expense paid vacations, which include tickets to the sold-out Springsteen concert in Hollywood, round-trip airfare, deluxe hotel accommodations, and various "tours" of Los Angeles.

WE WON'T BE THERE

The **KIMN** Good Neighbor Fund (which benefits individuals in times of acute need), will receive funds from the Halloween promotion done by **KIMN-DENVER** called "Scream In The Dark Haunted House." Terrors include a room where the public is completely surrounded on all sides by over 100 live rats, monsters and surprises guaranteed to give anyone nightmares. Promises to be one of the scariest haunted houses in Denver's history.

WHAT WOULD YOU DO FOR A SEVEN KARAT SAPPHIRE?

In May **WRKR-RACINE, WI,** asked the question "What Is The Most Outrageous Thing You Would Do For A Seven Karat Sapphire?" Hundreds of people answered, four became part of the record books, and one outrageous contestant won the grand prize. And recently, all these outrageous people were immortalized on film as part of the program "Lifestyles Of The Rich And Famous." Winner Brian Wolf rubbed peanut butter all over his body and immersed himself in a pool of cooked noodles transforming into "Noodleman." Oshkosh sausage company employee Gus Larson ran 100.7 miles from his home to Milwaukee's County Stadium carrying . . . not the Olympic Torch . . . but a large summer sausage. Racine resident Paul Hannes showed his outrageous WRKR spirit by roller skating 30 miles from Husher to a Milwaukee tavern covered with 100 WRKR bumper stickers. But what is a radio station without music? Sue Slanka and three of her friends performed a song and dance routine to "Safety Dance" wearing plastic body casts.

ANALYSIS

Ladies dominating again this week: EVELYN KING and TEENA MARIE both make it into the "Chartbusters" category by leaps and bounds. Both debut in the 20's and look destined for top 10 soon. Another lady, THELMA HOUSTON get a headline and becomes our "Most Added" single, with "major" major market adds: KMJM-St. Louis, WDRQ-Detroit, WTLC-Indianapolis, KGFJ-Los Angeles, WQKS-Williamsburg, WRKS-New York, WUSL/FM-Philadelphia, WQKI-St. Matthews, KNOW-Austin, WBLX-Mobile, WWDM-Sumter, KHYS-Pt. Arthur, KIIZ-Killeen, KKDA-Dallas, WLUM-Milwaukee and WNOV-Milwaukee. The next big category is the latest on the two-sided hit, WHODINI. There's no stopping either one of them now: #1-WDDO-Macon, #2-WNOV-Milwaukee, #2-WDMT-Cleveland, #3-KNOW-Austin, #4-WQKS-Williamsburg, #6-WRKS-New York, #7-KIIZ-Killeen, #9-WDRQ-Detroit, #14-KNOW-Austin, #14-WWDM-Sumter, #18-WYLD-New Orleans, etc.

JEFFREY OSBORNE "Don't Stop" gaining on the top twenty and looks like it, too, will achieve that top 10 positioning soon. "Certified" selections don't surprise anyone - I don't think. These two, ASHFORD & SIMPSON and JUNIOR were programmers choices early in the game and aren't changing course anytime in the near future. "Crossover" choice is more of a surprise, however. This, the second single from the LP (DREAMING was not a single), not only gets many adds on our page, its' total reports on TOP 40 was 80! the first week of its release! On the new side, besides our "Most Added", THELMA HOUSTON, looking good for next week's "Most Added" are the MIDNIGHT STAR "Operator" single, ANGELA BOFILL's "Can't Slow Down", and SYLVERS' "In One Love & Out The Other". Could be a battle!

PERSONAL PICKS

BRUCE SPRINGSTEEN-Born In The USA (Col.)
At this writing, it's been nearly 72 hours since I saw his show and like most everyone there, I haven't come down yet. For my money, "The Boss" is simply number one right now and there ain't a number two. Bruce isn't one to forget his roots, the basis for much of his music. This title track was the show opener the other night and once again explains why he is the USA's premier rock poet.

DON HENLEY-The Boys Of Summer (Geffen)
Here's a release so powerful it just may stay on the charts till next summer. As both singer and songwriter, Henley has always been in a league all his own and this effort is certain to make his solo star shine even brighter. Lead guitarist Mike Campbell (from Tom Petty's band) turns in a superb performance. Lyrically I'd rate this as one of the year's best.

BOB SEGER & SILVER BULLET BD.-Understanding (Capitol) "Teachers" has been the number one film, based on box office receipts, for the past three weeks, insuring that the soundtrack is getting plenty of exposure. Single number three is Seger true to form and should help satisfy the withdrawal his millions of fans have been suffering through for well over a year. Should help carry 'em over until the next LP.

SHALAMAR-Amnesia (Solar) Transformation time for this group. New members include DeLisa Davis (keyboard/vocals) who won her spot by winning a nationwide talent search, and Micki Free on lead guitar and backup vocals. Free played on "Dancing In The Sheets" and instantly became an intregal part of Shalamar's overall sound. Unlike its title, this killer becomes unforgettable the first time around.

Z-ROCKS-The Teacher's A Punk (Red Hot Richy)
Houston based label has been getting local airplay over the past year. Local area response has forced a release nationally. Clay Gish at Z92 played it to me over the phone a few months ago and it caught my attention real fast. This re-cut version is even better.

ALBUMS OF THE WEEK

"You're Gettin' Even While I'm Gettin' Odd"-J.GEILS BAND (EMI) Peter Wolf took the R&B bag with him when he cleaned out his locker. Seth Justman is left to carry the new tunes, most of which are pop rockers which quite often contain a mixture of horns, reeds, and synths. (Not your usual combination). Leave it to J.Geils to tug on Superman's cape and spit into the wind. Conventional thinking would have ruined this band a decade ago, but they've been persistently inconsistent and quixotic. This ain't no quiche and white wine band. More like a ham & cheese with a Bud. Peter Wolf, this one's for you! Now, let's talk REUNION!!

"I Can Dream About You"-DAN HARTMAN (MCA)
To those who sit for hours in front of their television sets watching music videos, Dan Hartman is this cool black dude who has a hit with his first record. Wrong on all counts, bunky. His color and credentials are quite to the contrary. Dan's had at least three other solo LP's (on Blue Sky) and spent years playing in bands with both Johnny and Edgar Winter. The video that broke his career wide open was Dan's music all right, but it was a film clip from the movie "Streets Of Fire" and featured some finger poppin', lip synchin' vocal group in place of our hero. Now...finally a Dan Hartman LP which will benefit from the success of "I Can Dream About You", and simultaneously expose his versatility and virtuosity. Dan plays nearly all instruments, co-produces, writes, sings, and engineers. WE ARE THE YOUNG/I CAN DREAM ABOUT YOU/NAME OF THE GAME/SHY HEARTS.

"Junk Culture"-ORCHESTRAL MANOEUVRES IN THE DARK (Virgin/A&M) I've been avoiding the temptation of reviewing the eccentric bands like OMD in favor of the mainstream acts - figuring page 24 has more than its share each week. But there's something about these sultans of synths which gives their music just a hint of warmth and humor. Their robotic tone tunes and their supporting rhythm mastered pulses underscore the occasionally strong melody. Any one remember SOUVENIR from their 1980 debut? It may have been one of that year's most overlooked and underrated songs. Since then, OMD has snaked their way through the studio jungle to the due point. Check out the title track, JUNK CULTURE. Strange but true!
